Transfer pricing in Ukraine: a system of analytical, digital, and control management : Scientific monograph. Riga, Latvia : Baltija Publishing, 2025. 132 p.

The scientific monograph presents a study of transfer pricing in Ukraine: a system of analytical, digital and control management. The study explores the theoretical underpinnings of accounting and taxation in the context of transfer pricing, along with the technological mechanisms employed for tax control and audit in the era of digital transformation. The monograph provides a comprehensive overview of international practices and national regulations pertaining to transfer pricing transactions, among other topics. The publication is intended for researchers, lecturers, postgraduate and undergraduate students, as well as the general public.
