

CONTENTS

SECTION 1: THEORETICAL AND METHODOLOGICAL FOUNDATIONS OF THE FUNCTIONING OF AN INNOVATIVE EDUCATIONAL ECOSYSTEM THE EUROPEAN DIMENSION

Chapter 1. Conceptualising innovative educational ecosystems in higher education: theoretical foundations and an integrated framework (Boichenko M. A.).....	1
1. The Evolution of Ecosystem Thinking in Education.....	4
2. Educational environments, learning ecosystems and educational ecosystems: a conceptual analysis	9
3. Towards an integrated conceptual framework of an innovative educational ecosystem in higher education.....	17
Chapter 2. Multimodal Analysis of Educational Data for Personalized Learning and Digital Risk Detection (Zavolodko H. E., Chernobrovkina S. V., Antonova I. V.).....	26
1. Analysis of the current state of research.....	28
2. Risks associated with the use of artificial intelligence.....	31
3. Research problem	32
4. Practical problem	33
5. Concept of the MENTOR project	33
6. Scientific novelty	36
Chapter 3. Theoretical and methodological background of the preparation of future teachers of informatics for professional activity in the system of continuing education (Karabin O. Yo.).....	41
1. Educational and information environment as a condition for high-quality professional training of future teachers of computer science	42
2. Principles of organizing the educational and information environment of professional training of future teachers of computer science	44
3. Organization of the educational and information environment in the system of professional training of future teachers of computer science	47
Chapter 4. Academic culture and teachers' transversal competences within the framework of innovative educational development (Kirdan O. L.).....	54
1. Teachers' transversal competences in contemporary academic discourse	54

2. Teachers' academic culture in the context of innovative educational development.....	57
3. Innovative approaches and methods for fostering an academic culture amongst future lecturers within the university's educational process	64
Chapter 5. Network ecosystem of lifelong learning: synergy of the state, business and higher education (Koval A. M., Zheliezko A. M., Popova M. A.).....	
1. Theoretical and legal regulation of the development of continuing education (lifelong learning)	72
2. Specificity of network interaction in the adult education segment: synergistic effect	77
3. Tools and formats of network cooperation for adult education.....	82
4. Contradictions and barriers to the deployment of lifelong learning networks.....	85
Chapter 6. Methodological Transformation of Comparative Education Research in the Context of Contemporary Global Challenges of the 21st Century (Sbruieva A. A.).....	
1. The Influence of Global Educational Challenges on the Transformation of the Methodology of Comparative Education Research	95
2. The Theoretical Dimension of the Transformation of Comparative Education Research Methodology	101
3. The Methods Dimension of the Transformation of Comparative Education Research Methodology	109
4. The Technological Dimension of the Transformation of Comparative Education Research Methodology.....	115
Chapter 7. Transversal competencies of future specialists in international relations in the context of the development of innovative educational ecosystems (Snigovska O. V.).....	
1. Emergence of problem prerequisites and formulation of the problem.....	128
2. Analysis of existing approaches to the problem and formulation of the research objective	130
3. Ecosystem for the development of transversal competencies of international relations specialists under conditions of global uncertainty.....	134
4. Strategic communication as a component of educational strategy-building for international relations specialists	137
5. AI diplomacy and digital analytics in the system of professional training of international relations specialists	139

6. Cognitive resilience of specialists as a response to the challenges of information and hybrid warfare	143
7. Network leadership and governance of international partnerships	145

Chapter 8. Research methodology of a teacher-researcher in the innovative educational ecosystem (Chystiakova I. A.)	155
1. Theoretical and methodological foundations of the research activity of a teacher-researcher in the innovative educational ecosystem	158
2. Methodological toolkit of a teacher-researcher in the digital educational environment.....	163

SECTION 2. ACADEMIC CULTURE OF THE TEACHER-RESEARCHER AS A VALUE FOUNDATION OF AN INNOVATIVE EDUCATIONAL ENVIRONMENT

Chapter 9. The Teacher-Researcher as an Agent in the Formation of the Professional and Ethical Culture of Future Doctors within the System of Sustainable Development in Medical Education (Yevtushenko Yu. O.)	180
---	-----

1. The Academic Culture of the Teacher-Researcher as a Basis for the Professional and Ethical Formation of the Future Doctor	182
2. The Teacher-Researcher as an Agent of Change in the Formation of the Professional and Ethical Culture of Future Doctors	186
3. The Professional and Ethical Culture of Future Doctors as a Strategic Resource for the Sustainable Development of Medical Education.....	190

Chapter 10. Educational and artistic processes in the context of the sustainability of the dialectical application of theoretical fundamentality (Ilnytska L. V.).....	198
--	-----

1. Purpose of the dialectical method in education and art	199
2. Ideological problems of materialist dialectics.....	204

Chapter 11. Formation of a teacher's leadership position in modern education (Onyshchuk S. O.)	210
--	-----

1. Emergence of the prerequisites of the problem and formulation of the problem.....	210
2. The analysis of existing methods for solving the problem and formulating a task for the optimal technique development	212

Chapter 12. LLM Agents in Learning Management Systems: Ethical Dimensions at the Learning–Research Interface (Puhach R. S.)	228
1. Integration of LLM agents into the LMS and the ethics of teaching, learning, and research	231
2. Governance and integrity-by-design at the learning–research interface	236
Chapter 13. Subjective Architectonics of Juvenile Delinquency in the System of Post-War Recovery and Sustainable Development: Development of a National Model of the Restorative Paradigm (Svietlichnyi I. V.)	246
1. Restorative Practices Regarding Minors: Juvenile and Pedagogical Dimension	248
2. Development of a National Model of the Restorative Paradigm Regarding Minors in the System of Post-War Recovery and Sustainable Development	257
Chapter 14. Ethical Dimensions of Scientific Research in the Context of Higher Education Digitalization and Artificial Intelligence Development (Faifura V. V., Nasminchuk I. A.)	269
1. Digitalization of Scientific Research: From Instrumental Convenience to Ethical Responsibility	271
2. Academic Integrity and Authorship in the Era of Generative AI	274
3. Institutional Model for Responsible AI Use in Higher Education	277
Chapter 15. Academic culture and transversal competence of the teacher in the coordinate system of innovative development of education (Khomych V. I., Tolochko S. V.)	287
1. World experience in the development of academic culture and transversal competence of teachers	289
2. Implementation of world practices in the development of academic culture and transversal competence of teachers into Ukrainian legislation ..	293
3. Academic culture of a teacher: essence, features, structure	296
4. Transversal competence of a teacher in the conditions of open education and science	305

SECTION 3. LANGUAGE CULTURE AND COMMUNICATIVE COMPETENCE IN BUILDING AN INTERNATIONALISED EDUCATIONAL ECOSYSTEM

Chapter 16. Academic English as a tool for integrating the researcher-educator into the global academic discourse (Kibenko L. M., Kravchuk O. V.).....	320
1. Theoretical foundations of academic English in the contemporary academic landscape.....	322
2. Foreign-language communicative competence of the teacher-researcher as a component of professional development	325
3. Prospects for the development of academic English within the professional training system for Ukrainian teacher-researchers.....	328
Chapter 17. Academic Text Culture of a Future Teacher-Researcher: Formation in the Innovative Educational Ecosystem of Professional Training (Semenog O. M., Hrona N. V.)	334
1. Academic Text and Academic Text Culture: A Conceptual and Categorical Dimension.....	340
2. Text-Production Activity of a Future Teacher-Researcher as a Basis for Developing Academic Text Culture.....	346
3. Scientific Approaches to Developing Text-Production Skills as a Basis for Academic Text Culture	352
4. Curriculum-Based Foundations for Developing Academic Text Culture in the Training of Education Majors.....	366
5. Educational Components as Tools for Developing Academic Text Culture in a Future Teacher-Researcher	375
6. Mechanisms for Implementing the Content of Educational Components in Developing Academic Text Culture.....	381
Chapter 18. The technical language resilience development and English language barriers overcoming (Yakushko K. H.).....	397
1. Identification approach in technical language resilience development and English language barriers overcoming	398
2. Communicators' approach in technical language resilience development and English language barriers overcoming.....	400
3. Factorial approach in technical language resilience development and English language barriers overcoming	404

SECTION 4. STRATEGIC GUIDELINES FOR THE DEVELOPMENT OF EDUCATIONAL ECOSYSTEMS IN THE POST-WAR RECOVERY OF UKRAINE

Chapter 19. Language resilience and overcoming linguistic barriers in international network interaction (Horokhova I. V., Horokhov S. V.)	413
1. Theoretical Foundations of Language Resilience: Conceptualization and Analysis of Scientific Approaches.....	414
2. Linguistic Barriers in the Digital Environment: Structural Transformation, Typology, and Overcoming Mechanisms.....	416
3. Language Resilience within the Structure of International Network Interaction: Conceptual Model and Empirical Dimensions	419
4. Strategies for Overcoming Linguistic Barriers in International Network Interaction: Theoretical Models and Empirical Practices	422
Chapter 20. Trauma-Sensitive Pedagogy: A Pedagogy of Recovery and Post-Traumatic Growth for Education in Emergencies and Post-War Reconstruction (Kovalenko N.)	430
1. Theoretical Approaches to Trauma-Sensitive Pedagogy.....	431
2. Attachment Theory as a Psychotherapeutic Foundation of Trauma-Sensitive Pedagogy	437
3. Principles of Trauma-Sensitive Pedagogy	439
Chapter 21. Designing an Adaptive Model of the Innovation Ecosystem of a Higher Education Institution in the Context of Ukraine's Post-War Transformation (Makedon V. V.).....	447
1. Methodological Foundations for the Formation of an Adaptive Innovation Ecosystem of a Higher Education Institution	448
2. Tools and Mechanisms for the Functioning of the Innovation Ecosystem of a Higher Education Institution	454
3. Strategic Directions for the Development of the Innovation Ecosystem of a Higher Education Institution	462
Chapter 22. Formation of transversal competencies of future lawyers using simulation technologies in the context of digitalization of the legal innovation environ-ment (Tyurina V. O., Marchenko O. G.)	474
1. Emergence of the prerequisites of the problem and formulation of the problem.....	475
2. Analysis of existing methods for problem-solving and task formulation	475

3. Theoretical foundations of the research	478
4. Research methodology	487
5. A model for integrating simulation technologies into legal education.....	488
6. Empirical results and discussion	489

SECTION 5. INTEGRATION AND PARTNERSHIP PRACTICAL TOOLS FOR ECOSYSTEM DEVELOPMENT

Chapter 23. The academic culture of researchers in the context of the post-war transformation of the educational and scientific landscape: challenges and opportunities for development (Potiuk S. V.).....	495
---	-----

1. The researcher's academic culture as a factor in the development of the modern educational and scientific landscape.....	496
2. Challenges in developing a researcher's academic culture in the context of post-war transformation	500
3. Opportunities for developing a researcher's academic culture.....	504

Chapter 24. The implementation of international quality standards in the academic culture of Ukrainian teacher-researchers (Tamozhnska I. V., Zamrozevych-Shadrina S. R.)	516
---	-----

1. Academic culture as a component of the professional practice of the modern teacher-researcher	519
2. The concept of quality assurance in higher education and research in the context of European integration	522
3. Practical mechanisms for implementing international quality standards into the academic culture of the Ukrainian teacher-researcher	524

Chapter 25. University-state-business collaboration in the USA: practical tools for developing the innovation ecosystem (Shykhnenko K. I.).....	531
---	-----

1. The university as an innovation hub: historical foundations and institutional architecture.....	533
2. Government as ecosystem architect: funding mechanisms, regulatory frameworks, and network infrastructure. Technology transfer, and startup development.....	542
3. Outcomes, challenges, and implications for Ukraine	554
